• Storage: SD/TF card slot that supports upto 16GB card
• Built in Li battery of 3.7V 400mAh with battery life of 12 hours on stand by and 5-6 hours in working condition
• Miniature size for covert operations

| Specification for mini gps tracker | |
|---|---|
| Size | 35*20*14(L*W*H) |
| Video | 320*240 |
| Product weight: | 0.019 kg |
| GSM/GPS Signal Band | GSM850/900/1800/1900Mhz |
| GSM Positioning Time | 25s |
| The call current | 150mA |
| Open Sound Control Current | 30mA |
| Standby Current | 2.5mA |
| Working Voltage | 3.4-4.2 DC |
| GPRS: | Upload60, TCP/IP |
| Humidity range | Non-Condensing 5%-95% |
| Working temperature | '-20° to 55° C |
| Storage Temperature | '-40° to +85 ° C |
| Network System | GSM/GPRS |
| Continous Calls | 150-180 minutes |
| Charge Input | 300~500 ma, Output DC 5V |
| Charging Input | 110~220V 50/60 Hz |
| Photo Size | 640*480 |
