SCT013

100A Non-ivasive Split Core AC Current Sensor

- Suitable for the current measuring.
- Monitoring and protection of AC motor
- Lighting equipment
- Air compressor
- Non-invasive current transformer
- Suitable for lighting equipment, AC motors, air compressors, monitoring, current measurement, and protection
- Meet UL94-V0 flame retardant properties
- Two form of output current, voltage (voltage output built-in the sampling resistor)
- Non-linearity 3%(10%-120% rated input current)
- Output Plug 3.5mm
