

P045

4.5 Propeller for 716 Motor

- Length: 5".
- Pitch: 4.5".
- Weight: 22 gm.
- Shaft diameter: 5mm.
- Total length: 5 inch / 125 mm.
- Material: Glass Fiber Nylon
- Durable plastic construction provides both lightness and rigidity.
- Very strong and lightweight.
- Quick to release, quick to attach
- New design propellers, with greater aerodynamic efficiency, good lifting capacity.
- The Orange HD Propellers 50450(5X4.5) Glass Fiber Nylon Bullnose Black Propellers comes with Epoxy resin cover.
