

BA9H

9V Battery "EW"

- Nominal voltage: 9v
- Nominal capacity: 200mAh
- Jacket: Metal jacket/foil label
- Average weight: 36g
- End point voltage: 5.4v
- Shelf life: 2 year after delivery under proper storage condition
- Text condition: resistance of 620ohms, two hour per day, ending voltage 5.4V
- Discharge time: 280mins
- Discharge conditions: temperature 20 +2°C
- Relative humidity: 65 +20%
- Certifications: SGS, RoHS, and CE
