BS209

Active Infrared 1 Beam Sensor "AGO-90”

- Range : 15m Range can be reduced to 30% in bad weather conditions for rain, dust etc.
- Infra-Red Frequency : 1.92 Khz
- Power Supply : 12 to 24V DC/AC
- Wave Length : 940nm
- Input : RX 15mA - TX 30mA
- Operating Temperature : -20°C to 70°C
- Relay Output : IA max 36V
