ABH250

Advanced 4 Beam Perimeter Security Sensor

- 4 Beams with high precision fresnel lens technology
- Alert Distance Max: Indoor-750m, Outdoor-250m
- Suitable for border security, societies, farmhouses and factories
- Compatible with other brand alarm systems like Honeywell, Bosch, Paradox, DSC and GE etc
- Different frequencies selectable for long distance and stacking installation
- Wide voltage and energy-saving design
- High water proof grade IP65
- LED display for easy alignment with wide adjustable angle
- Anti-RFI interference, high environment adaptability to eliminate false alarms.
