SUP1250

CAMERA POWER SUPPLY 12V/50AMP SMPS

• Product description Great Switching Power Supply for Home Appliances Design with Built-in EMI Filter, Improve Signal Precision. Approvals:
• 3C/FC/ CE EMC Standards: According with GB9254, EN55022 class A, EN61347-2-13:2008 Standards Certifications:
• CE & RoHs Meet CEC Energy Efficiency Level IV. Power LED Monitor (LED Glow when in Use) Category -
• Switch Mode Power Adaptor (SMPS) MTBF >50,000 hours IN-DOOR USE ONLY! Professional installation of qualified electrician is highly recommended.
• PLEASE NOTE THAT DESIGN AND COLOR MAY CHANGE FROM THE PICTURE SHOWN ABOVE 12Volt 50Amp, 600W SMPS/ Power Supply :
• Input Voltage: AC 90 - 264V 50 / 60Hz Output Voltage: 12V 50 amp DC, Output Voltage: Adjustment Eange: ±10%
• Output Voltage Type - DC Current Shell Material: Metal Case / Aluminum Base
• Color: Sliver How to connect? L, N: AC Power Input V+: DC Power Output "+" V-: DC Power Output "-" GND: DC Power Output "-" +V / ADJ: Adjust the Output Voltage
