LM2596HV

DC-DC Buck Convertor 4.5-50V TO 3-40V ADJ

- High efficiency up to 92%.
- 4.5 Volt – 50 Volt adjustable input voltage range.
- 3 volt – 40 Volts adjustable output voltage range.
- With over-current and over-temperature protection, safe for use.
- Fine workmanship, long life span.
- Can set the float voltage and charging current.
- Special design enhanced heating radiating.
