## DIY WOODEN SOLAR CAR KIT

- 

**Doodle Robert Parts:** A set of colorful, easy-to-assemble components for constructing the Doodle Robert character. With connectors and movable parts, kids can design and build their unique robots.

- 

**Art Supplies:** Includes markers, stickers, and paint to personalize and decorate Doodle Robert, letting children express their creativity.

- 

**Educational Manual:** A comprehensive guide that explains how to assemble Doodle Robert, details the science behind its movements, and fosters creative problem-solving.

- 

**Experiment Ideas:** Provides hands-on activities and experiment ideas to help children understand basic scientific principles like balance, motion, and simple machines through play with their Doodle Robert.
