AC168

Fail Safe Electric Bolt Lock U Bracket

- Fail Safe Electric Bolt Lock with U bracket
- Suitable for frameless 8-12mm glass door
- Fail Safe: Locked when energized (NC)
- Solid Bolt with holding force of 1000kg
- Operating Current: 12V 0.25 A
- High Aluminum material with Carrulous Line Finished

Specification	
Fail Safe:	Lock When energized
Face place material:	High Aluminum, Carrulous Line Finished
Operating Humidity:	0~90%(non-condensing)
Operating temp:	-10~+25?(14-131F)
Induction Distance:	8mm
Surface Temp:	<20*c
Solenoid:	Continuous duty
Holding force:	1000kg
Current:	Start: 0.9A, Standby: 0.25A
Voltage:	DC12V
Lock pin:	17mmDIA,stainless steel out throw12mm
Blot out plate size:	148Lx44Wx25H(mm)
Lock body size:	148Lx44Wx42H(mm)
Weight:	0.64kg
