AA736

Mini Solar Lipo Charger Board

• This is a Super-Mini Solar Lipo charger 500mA based on the CN3065 – a single lithium battery charge management chip.
• This Solar charger provides you with the ability to get the most possible power out of your solar panel or other photovoltaic device and into a rechargeable LiPo battery.
• Set-up is easy as well, just plug your solar panel into one side of the Solar charger and your battery into the other and you are good to start charging!
