

SWS82A

Motion Sensor Switch (220V/200W) Mini "S82A" ADJ

- Can switch on the load automatically after detecting the human motion for energy saving
- Load : $\leq 60W$
- Best sensing distance: 3-5M
- Can switch on the load automatically after detecting the human motion
- 3 Time delay adjustments: 15 sec, 45 sec, 5 min
- Adjustable Ambient light modes: Deep dark, light dark, all day
- Mounting hole diameter: 25mm/0.98inch
- Induction angle: 110 degree
- Waterproof rating: IP22
