

SE804

PIR Sensor Wall

- Wired PIR sensor with Wide Angle Detection for Burglar Alarm System
- Area of Detection: 110°, Distance: 8-10m
- Installation: Wall Mounted at 1.8-2.4m height
- Alarm Output: NC/NO
- Made up of high quality fire resistant ABS plastic
- Working Voltage: 12V DC
- Sensitivity can be adjusted according to the environment
- Sensor: Dual Pyroelectric Infrared Sensor

Technical parameters:	
Model	YH-804D
Dimension packages	Pir
Tamper proof	8-10 m
Alarm output	110 °
PET immunity	-
Anti-emi	Mounted on the wall; 1.8-2.4 m in height.
Anti-interference of light	9-16VDC
Work environment	8-25mA (20mA 12VDC)
Current consumption	-10 ? -50 ?; Humidity: 5% -95% Rh
Operating voltage	> 9000LUX
Installation	> 30 v / m, (20 MHz-1000 MHz)
MW frequency	Can be customized
Angle	N c / o
Distance	NC
Detection	13 * 7 * 4.7 cm
Weight	100g
