

CCPOE

POE Circuit Cable Waterproof

- Easily convert any Network IP camera into POE camera
- Meet the IEEE802.3af standard
- Input Voltage: 48V or 12V(in DC socket), Output Voltage: 12V
- Have a built-in high quality short circuit protection for safety
- Compatibility: Supports End-span (1, 2+/3, 6-) and Mid-span (4, 5+/7, 8--) power supply modes
- Wide temperature operation: -10 ° to 60 °
