CSPSF

POLE PLATE "SMALL" FLAT 11 X 9.8CM (WITHOUT RING)

- **Durable Construction**: Made from high-quality, corrosion-resistant materials for long-lasting durability, even in challenging weather conditions.
- **Weatherproof**: Built to endure rain, wind, and UV exposure, making it ideal for both indoor and outdoor use.
- **Versatile Application**: Suitable for mounting CCTV cameras, security lights, signage, small antennas, and other equipment on poles or walls.
- **Easy Installation**: Pre-drilled holes for easy mounting, allowing quick and secure attachment to poles, walls, or posts.
- **Space-Efficient**: Compact design saves space while still providing reliable support for mounted devices.
