CSPRI

Projector Metal Stand Long 50-100

• ADJUSTABLE HEIGHT & ANGLE – Telescopic pole extends from 16 to 25 inches (1 to 2 feet), with ±15° tilt, ±8° swivel, and 360° rotation to ensure perfect alignment and projection angle.
• UNIVERSAL PROJECTOR COMPATIBILITY – Designed to fit most standard projectors with adjustable mounting arms and multiple screw hole configurations for a secure fit.
• WALL OR CEILING MOUNTING – Versatile mounting option allows installation on either ceilings or walls, ideal for home theaters, offices, classrooms, or conference rooms.
• DURABLE METAL CONSTRUCTION – Made from high-strength metal for long-lasting durability and stability, supporting projectors weighing up to 10 kg (22 lbs).
• EASY TO INSTALL WITH INCLUDED HARDWARE – Comes with all necessary installation accessories and step-by-step instructions for a quick and hassle-free setup.
