

# CCPT27E

PTZ Camear Analog 7" 27X Zoom 700 TVL

- 1/3" 'SONY' CCD 700 TVL
- 27X High Speed Optica Zoom, F=5.0mm~90mm
- 360° Continous horizontal rotation
- OSRAM array lamp, infrared distance 120m
- Control through RS-485 bus

## Project

The product model	PC719-G
Power Supply	1/3 "SONY CCD
Horizontal rotation range	700TVL
Rotating speed	Automatic / manual
Focus control	F=5.0mm~90.0 mm
The cruise path	45dB
The preset position	RS485 bus
Wiper configuration	1200/2400/4800/9600bps
Automatic control focus speed	Pelco-P, Pelco-D
Communication protocol	120m
The communication baud rate	Control the speed automatic adjustment according to the focal length
Control mode	64
Signal to noise ratio	Article 4
Optical zoom	Automatic / manual / automatic keying
The night of conversion	The level of 0~40degrees /S degrees /S vertical 0~40
Definition	360 degree continuous rotation
Image sensor	DC12V
Power	32~36W
