## PTZ CAMERA STAND WALL MOUNT "1605 ZJ" POLE TYPE

- **Secure Mounting:**PTZ pole stands provide a stable and reliable way to mount cameras on poles, ensuring they remain in place even in challenging weather.
- Adjustable Positioning: The adjustable design allows for pan, tilt, and zoom adjustments, enabling users to customize the camera's field of view and focus on specific areas.
- **Outdoor Durability:**Constructed from durable materials like powder-coated steel or aluminum alloy, PTZ pole stands are designed to resist rust, corrosion, and other outdoor elements, ensuring long-term performance.
- **Versatile Applications:** Suitable for various environments, including parking lots, building perimeters, industrial facilities, and public spaces.
- Compatibility: Many PTZ pole stands are designed to be compatible with a wide range of PTZ camera models and sizes.
- **Easy Installation:**Most PTZ pole stands are designed for straightforward installation, often using adjustable clamps or rings to secure the camera to the pole.
- **Universal Pole Mount:**These stands are designed to be compatible with a wide range of PTZ cameras, offering flexibility in camera selection.
- **Direct Pole Mount:**These stands are designed for direct mounting onto a pole, often using clamps or rings to secure the camera.
- **Pole Mount Bracket:**These brackets are designed to attach to a pole and provide a platform for mounting the camera.
- Material: Choose a stand made from durable, weatherresistant materials like powder-coated steel or aluminum alloy.
- **Compatibility:**Ensure the stand is compatible with your specific PTZ camera model and size.
- Adjustability: Consider the range of motion and adjustment capabilities of the stand to ensure it meets your surveillance needs.
- **Installation:**Ensure the stand is easy to install and secure on your chosen pole.
