

WI11

RG11 Co-Axial Wire

- RG11 Co-axial Wire Bundle
- suitable for mobile boosters
- A high gauge (14) wire for better transmission over longer distance and higher frequency
- Impedence: 75?
- Bare solid copper conductor core with 1.63mm diameter
- Dielectric PE-Solid insulation of 7.5mm diameter
- Overall diameter of 10.5mm with PVC Covering
