SD595

Screw Driver Kit (8 Blades) "PYE 595"

• Screwdriver, tool, usually hand-operated, for turning screws with slotted heads.
• A screwdriver is a tool, manual or powered, used for screwing (installing) and unscrewing (removing) screws.
• Various other features are added to some screwdriver which allow them to be even more versatile.
• A tool designed with your hand in mind. Even more power for easier working.
