

SCC10/SCC20/ SCC30/SCC60

SOLAR CHARGE CONTROLLER DUAL USB 12V/24V 10A/20A/30/60A

- Multiple Electric Protection: Over-current and short-circuit protection, inverse connection protection, low voltage and overcharge protection
- Good Heat Dissipation: Dual mosfet reverse current protection, low heat production(ALL electronic components generate heat when they are running,it is better to shelter them for better heat dissipation, avoid direct sunlight exposure or damp place)
- Easy to Use: Comes with a display that can clearly indicate the status and data, it can be conveniently switched modes and parameter configuration, suitable for home, industrial, commercial etc.
