SW180

SW180 VIBRATION SENSOR

- Maximum working voltage (Vmax) : 12V
- Maximum current (Imax) : less than 20mA
- Open circuit resistance: more than 10 Mega Ohms
- On resistance: less than 5 ohms
- Ambient temperature: less than 100?.
- Life expectancy: 5,00,000 times
- Suitable for small current control circuit of trigger.
- Response time: 2ms
- Sensor is in airtight seal
- Gold Plated Contacts
