T5000

TCRT5000 Tracking Module

• **TCRT5000 Single Channel Line Tracking Sensor Module** is a carrier board for TCRT5000 reflective optical sensor.
• Although it is designed for use with line following robots, it can be used in sumo- mini sumo robots for line control.
• TCRT5000 reflective optical sensor
• Line follower robots, sumo/mini sumo robots
• Digital output
• **Operating Voltage**: 5V
• **Operating Current:** <10mA
