SR04C
Ultrasonic Sensor Case

- **Durable Material**: Made from high-quality ABS or polycarbonate plastic for long-lasting protection.
- **Weatherproof Protection**: IP65 or higher rating for water and dust resistance, suitable for outdoor use.
- **Easy Access Ports**: Convenient openings for wiring, connectors, and sensor adjustments.
- **Ventilation Slots**: Ensures proper airflow to prevent overheating of the sensor.
- **Compact & Lightweight**: Designed for easy handling and installation without adding excessive weight.
- **Mounting Flexibility**: Includes wall, pole, or bracket mounting options for versatile installation.
- **Shock Resistance**: Built with shock-absorbing materials to protect the sensor from vibrations and impacts.
- **Transparent Window (Optional)**: Clear window for easy visual monitoring of sensor status and alignment.
- **Customizable Size**: Available in various sizes to fit different ultrasonic sensor models.
- **Temperature Resistance**: Functional in temperature ranges from -20°C to +60°C (-4°F to +140°F).
