M229

XH-M229 Desktop PC ATX Power Supply TRF Module

• Standard 24 pin motherboard power connector at the input.
• Four separate output with fuse
• Onboard ON/OFF switch
• Good Quality
• XH-M229 Desktop PC ATX Power Supply Transfer Module is a power supply module, which splits a standard 24 pin ATX power supply cable into four different power outputs each with separate ground and output fuses.
• At the output of the module, there are two binding posts for all the four outputs these binding posts can be used to power an external device.
• There is an onboard ON/OFF switch which can be used to switch ON/OFF the outputs at any given time.
• Standard 24 pin motherboard power connector at the input.
• Four separate output with fuse
• Onboard ON/OFF switch
• Good Quality
