

M229

XH-M229 Desktop PC ATX Power Supply TRF Module

- Standard 24 pin motherboard power connector at the input.
- Four separate output with fuse
- Onboard ON/OFF switch
- Good Quality
- XH-M229 Desktop PC ATX Power Supply Transfer Module is a power supply module, which splits a standard 24 pin ATX power supply cable into four different power outputs each with separate ground and output fuses.
- At the output of the module, there are two binding posts for all the four outputs these binding posts can be used to power an external device.
- There is an onboard ON/OFF switch which can be used to switch ON/OFF the outputs at any given time.
- Standard 24 pin motherboard power connector at the input.
- Four separate output with fuse
- Onboard ON/OFF switch
- Good Quality
