XM604

XH-M604 6V-60V Battery Charging Control Board

• When the voltage is higher than 15V, the relay opens and stops charging and discharging.
• It is very smart and helps to save electricity, and is safe.
• Automatically power off, save energy and extend battery life.
• Durable, Charging Protection, Easy to Install
• This product is suitable for 6-60V battery charging control, and can set up the modes of charging voltage and stop charging voltage
• Suitable for use in home charger, solar energy, Wind generator
• Input charger 6-60v in the IN end, connect storage battery in OUT end
• Is quite intelligent, helping save electricity, and safe
• Automatic power outage, save energy saving energy, prolong battery life
