

XM604

XH-M604 6V-60V Battery Charging Control Board

- When the voltage is higher than 15V, the relay opens and stops charging and discharging.
- It is very smart and helps to save electricity, and is safe.
- Automatically power off, save energy and extend battery life.
- Durable, Charging Protection, Easy to Install
- This product is suitable for 6-60V battery charging control, and can set up the modes of charging voltage and stop charging voltage
- Suitable for use in home charger, solar energy, Wind generator
- Input charger 6-60v in the IN end, connect storage battery in OUT end
- Is quite intelligent, helping save electricity, and safe
- Automatic power outage, save energy saving energy, prolong battery life
